KPCC Mission Accomplishments

We help people have better relationships with themselves and with others.

We reach out to all persons

**by providing professional counseling, education, and consultation,
at an affordable cost, in the context of a spiritual understanding of life.**

We reach out to all persons

KPCC helps over 900 families and individuals per year,
and provided almost 5000 hours of counseling
to persons from all economic and faith backgrounds.

We provide excellent professional counseling

KPCC has an excellent reputation for quality service,
and a highly trained, well supervised staff.

We provide excellent interactive learning workshops

KPCC provides over 100 workshops and presentations
to the community per year, involving over 2500 individuals.

We provide excellent consultation to congregations and the community

KPCC has a significant leadership role in providing critical incident support during
congregational, organizational, and community crises, including mine disasters.

KPCC is recognized as a leader in Ecumenical and Interfaith events.

We provide excellent professional training and education

KPCC provides credentialed advanced supervision to clinicians,
and executive coaching for clergy and corporate professionals.

We do all this at an affordable cost

Through our fund-raising efforts and through good stewardship of our resources

Annually, we offer fee subsidies to over 80% of our clients.

Half of our clients have no insurance,

One-third have household incomes below \$15,000.

And we do this in the context of a spiritual understanding of life.

Our clinical staff is comprised of therapists

who have mature pastoral identities and rich spiritual lives.

Many of our therapists are ordained or avowed,

several are certified spiritual directors.

Over the past years the board and staff of KPCC have come from many faith backgrounds,
including: Jewish, Protestant (Methodist, Presbyterian, Baptist, Nazarene), Catholic,

Muslim, Mormon, Unitarian, Unity, and Buddhist.

We reach out from a Christian perspective in an Interfaith way.

Thank you for your support of our Mission!

*more than just a quiet presence, for 35 years
and now an accredited samaritan counseling center*
